Julian Ramos

University of California, Berkeley
2121 Berkeley Way
Berkeley, CA 94704

Email: julsdemos@berkeley.edu

EDUCATION

University of California, Berkeley Expected 2029
Ph.D. Student, Health Policy and Management
Candidacy expected: Spring 2027
Advisors: Becky Staiger and William Dow

University of California, Berkeley May 2024
M.P.P., Goldman School of Public Policy
Thesis: Exploring the relationship between policing policy preferences and generational voter turnout during the 2020 election

University of California, Berkeley May 2017
B.A., Political Science
Emphasis: American Politics & International Relations
Transferred from Cosumnes River College, 2011–2015

RESEARCH AREAS

Substantive: Population Health Sciences, Community Victimization, Criminal Legal Systems, Local Politics and Political Economy, Public Policy, Organizations & Bureaucracies, Health Determinants of Politics

Methodological: Machine Learning, Causal Inference (Quasi-Experimental & Design-Based Methods), Applied Data Science

WORKING PAPERS

"More Justice, No Peace: The Voting Rights Act of 1965 and Victimization in the American South" (solo author)

"Noncompliant Transparency in Local Law Enforcement" (solo author)

POLICY BRIEFS & MEMOS

Ramos, Julian. 2024. "Exploring the relationship between policing policy preferences and generational voter turnout during the 2020 election." Berkeley Initiative for Young Americans. August 7. Based on master's thesis.

Ramos, Julian. 2024. "How do different generations view the state of the economy?" Berkeley Initiative for Young Americans, Fast Fact. April 24.

Ramos, Julian. 2024. "Voter Registration Rates by Generation." Berkeley Initiative for Young Americans, Fast Fact. April 23.

Larsen, Liz, and Julian Ramos. 2023. "Election Worker Intimidation." Democracy Policy Initiative, Goldman School of Public Policy, University of California, Berkeley. Policy brief. April 2023.

Larsen, Liz, and Julian Ramos. 2023. "The Rise of Election Policing." Democracy Policy Initiative, Goldman School of Public Policy, University of California, Berkeley. Policy brief. April 2023.

CONFERENCE PRESENTATIONS

Ramos, Julian. "More Justice, No Peace: The Voting Rights Act of 1965 and Victimization in the American South." Poster presentation, Justice and Injustice Conference, Columbia University, New York, NY. October 29–30, 2026.

RESEARCH EXPERIENCE

Graduate Research Assistant Jan 2024 – June 2024
Berkeley Institute for Young Americans
University of California, Berkeley

- Managed and analyzed large-scale survey data using STATA, ensuring data integrity through rigorous cleaning, wrangling, and visualization to support empirical research on generational political behavior.
- Collaborated with interdisciplinary teams to define research agendas for publicly oriented policy analysis, integrating quantitative findings into evidence-based recommendations for policymakers.
- Produced original research and policy briefs by conducting comprehensive literature reviews, identifying knowledge gaps, and synthesizing statistical analyses to inform discussions on voter registration and political preferences.

Graduate Research Assistant Aug 2023 – Dec 2023
Possibilities Lab, University of California, Berkeley

- Developed and managed fact sheets, literature reviews, and project documentation to support implementation strategies and project evaluation.
- Assisted in optimizing natural language processing code and refining research design to enhance analytical precision.
- Coordinated administrative tasks and stakeholder engagement by drafting IRB procedures, planning presentations, and collaborating with client teams to advance project goals.

Graduate Research Assistant Jan 2023 – May 2023
Democracy Policy Institute, University of California, Berkeley

- Conducted in-depth literature reviews on democracy, justice, and equity to inform governance research and policy discussions.
- Developed and maintained large datasets for meta-analyses and systematic reviews, ensuring data accuracy and usability.
- Tracked policy developments, identified target audiences, and shaped policy briefs while engaging in professional development to enhance research, writing, and policy analysis skills.

Undergraduate Research Assistant Jan 2017 – May 2017
Justice Interaction Lab, University of California, Berkeley

- Developed survey questions to refine research designs and enhance data measurement accuracy.
- Collaborated with researchers to strengthen theoretical frameworks and data analysis on race, gender, class, and sexual orientation.
- Authored an innovative research proposal examining police discourse on body camera use, contributing to policy and academic discussions.

CERTIFICATES

Graduate Certificate in Applied Data Science
UC Berkeley School of Information
Completed coursework and requirements; formal conferral expected 2028

Graduate Certificate in Racism, Health, and Social Justice
UC Berkeley School of Public Health
Completed coursework and requirements; formal conferral expected 2028

GRANTS & FELLOWSHIPS

Mentored Research Fellowship
University of California, Berkeley 2026–2027

NIH NICHD Computational Social Science Training Program Fellow
University of California, Berkeley 2025–2027

NIH NICHD UCB-THRIVES Fellow
University of California, Berkeley School of Public Health 2024–2025

Center on Civility & Democratic Engagement Fellowship
Goldman School of Public Policy, UC Berkeley 2023–2024

PROFESSIONAL EXPERIENCE

Research and Data Consultant June 2019 – Dec 2022
Everyday Impact Consulting, Sacramento, CA

- Conducted research, grant writing, and fund development analysis for community-based organizations, producing data-driven reports to enhance financial sustainability and advocacy efforts.
- Authored policy analysis memos on diverse topics such as campus police impacts on students, organic food procurement, and culturally competent access policies to inform legislative and organizational decision-making.
- Designed and implemented survey questionnaires for grassroots organization staff, improving data collection methods and program evaluation for community-based research initiatives.
- Monitored and analyzed local and state legislation, collaborating with stakeholders to advance advocacy strategies and inform policy recommendations.

TECHNICAL & PROFESSIONAL RESEARCH SKILLS

Programming and tools: Proficient in R, Python, and Git/GitHub.

Policy and Professional Research Methods: Experienced in in-depth interviews, landscape analysis, policy analysis, program evaluation methods, SWOT and SOAR analysis, legislative tracking, donor and grant prospecting, and grant writing.

Agentic AI tools: Experienced with Codex and Claude.
